MATERIAL SAFETY DATA SHEET

Product name: Melt Off

Date prepared: January 2, 2002

Hazardous Ingredients:

No substances defined as hazardous present.

Other Ingredients:

Sodium Chloride	CAS 7647-14-5
Ethanolamines	CAS 102-71-6

Physical/ chemical characteristics:

Solubility in water: soluble
Appearance and odor: blue crystalline solid

Reactivity data:

Hazardous polymerization: cannot occur
Stability: stable
Incompatibility: avoid contact with strong oxidizing agents..

Health hazard data:

Eye irritant. May irritate skin. May be harmful if swallowed, especially in large amounts.
Ingestion of small amounts may be irritating because of a small amount of alkaline salts.

Emergency and First aid procedures:

Eyes: flush with water. If irritation or redness are severe or persist, consult physician.
Skin: wash off with water.
Ingestion: drink liquids to dilute and consult a physician.

Spill or leak procedures:

Small spills: may be flushed away with water or swept up.
Large spills: sweep or scoop up for reuse or disposal.

Waste disposal methods:

Good industrial practice suggests the use of proper eye protection and the use of gloves.

Protective equipment to be used:

Good industrial practice suggests the use of proper eye protection and the use of gloves.

Special precautions or other comments:

Containers of this material may be hazardous when emptied since emptied containers retain product residues (vapor, liquid and/ or solid). All hazard precautions given in the data sheet must be observed.

Note: The information herein is believed to be efficacious and accurate; however, no warranty is made with respect thereto. Recipients are advised to confirm in advance of need that the information is current, applicable, and suitable to their circumstances.

Prepared to comply with OSHA hazard communication standard (29CFR 1910.1200)
